

Niles Auto Kills Man In Wreck

John Perry Is Cleared Of
All Blame In Fatal
Crash

John Keen, 73 an inmate of the Fairmount hospital, received injuries which resulted in his death Sunday night when he was struck and knocked to the pavement by an automobile driven by John Perry, Niles youth. The accident occurred at East Fourteenth street and Telegraph road in Oakland. Perry was cleared of all blame in the tragedy as the result of an investigation made by State Highway Patrolman Norman Vadenais.

Keen was hit as he was running across the highway to catch the Fairmount hospital bus, which had just pulled up to San Lorenzo junction. He died at the Fairmount hospital an hour afterwards.

Because of the fact that Keen was struck about 7 o'clock in the evening and the sheriff's office was not notified until 10:50 o'clock of the accident drew sharp criticism from the sheriff's office. Deputy Sheriff Mull said that by that time, the witnesses and Perry had left the scene of the accident, and had the case been one necessitating a sheriff's investigation the work of that office would have been made extremely difficult by the delay.

Since Perry was blameless and because there was no reason for further inquiry was cited by Traffic Officer Vadenais as the reason for not reporting to the sheriff. In any event, he was only required to report to his superior officer, Captain Louis Elke, a statement supported by Captain Elke, who defended Vadenais' course.

Mull's complaint will be heard by District Attorney Earl C. Warren, though there is no way to compel the state highway department to immediately notify the sheriff's office of serious accidents.

SCHOOL TRUSTEE TO BE CHOSEN MARCH 25

Election of a member to the Niles grammar school board of trustees will take place on Friday, March 25, at the grammar school building. Harry Tyson is the member whose term of office expires at that date. It is expected he will run for re-election. At present no other persons have announced their intentions of running for the office.

The following people have been selected to conduct the election: Mrs. Nell F. Myers, inspector; Mrs. Annie Garcia, judge; and Mrs. Ivy Cull, judge.

Niles MacMarr Store Robbed; Night Officer Captures One Burglar

FORMER TOWNSHIP WARM SPRINGS BOY REGISTER OWNER DIES AFTER EATING DIES IN OAKLAND POISONED GRAIN

Worked With Norman H.
Parks' Father Many
Years Ago

George McArthur, former owner and publisher of the Niles Township Register, died last Thursday at an Oakland hospital after a brief illness. He was seventy-three years of age at the time of his death.

McArthur was an intimate friend of the father of Norman H. Parks, present Register editor and publisher, having worked with him in South Dakota on the famous Deadwood Pioneer, in 1878. He also was known to many people in Alameda county.

The deceased owned and published the Register some six years ago. After selling out his interests at Niles, McArthur moved to San Leandro where he owned and operated a job printing shop up to the time of his last illness.

The only surviving relative is a sister in Oregon.

Funeral services were held Monday afternoon from San Leandro, with interment made in the Mountain View cemetery in Oakland. Mr. and Mrs. Norman H. Parks attended the funeral.

CAR DEMOLISHED IN CRASH ON NILES STREET

The car of Frank Thorne, of San Jose, was entirely demolished and Thorne himself narrowly escaped serious injury Friday afternoon when his machine crashed into a car driven by Charlie Ramos, of Hayward. The accident occurred near the P. C. Hansen Lumber company office.

Ramos was turning around on the highway and Thorne, coming around the curve of the road at a fast rate of speed, attempted to cross in front of him. Thorne received a cut on the leg, while his machine was damaged beyond repair. The Ramos car also was damaged.

Niles Fire Department Served Refreshments

At the regular meeting of the Niles fire department held Friday night, the firemen were served refreshments of sandwiches, cake, and coffee. The refreshments were served by Mrs. F. V. Jones and were furnished by Mr. and Mrs. F. V. Jones in fulfillment of a promise made by Jones last year.

Mrs. Josephine Duveneck, of the Peninsular School of Menlo Park, was a visitor at the Williamson school Tuesday.

Joseph Goularte Chews
Grain Intended for
Squirrels

Eating poisoned grain was responsible for the death of seven-year-old Joseph Goularte, son of Mr. and Mrs. Jack Goularte, of Warm Springs, in San Jose Saturday. The grain was poisoned with thallium sulphate and used to kill ground squirrels.

The boy was the son of Jack Goularte, employed at the Curtner ranch, at Warm Springs. Taken ill last Thursday, he said he had fed some grain out of a sack to the chickens and had chewed some himself. After diagnosis, it was discovered Saturday his case was thallium poisoning, but too late to save his life. He died at a San Jose sanatorium.

After the boy's death, it was recalled that several chickens were found dead at the Curtner ranch a week ago.

How the boy obtained the poisoned grain could not be explained by his father and Curtner. It was kept in a special sack on a shelf six feet from the floor in a small locked compartment in the barn.

The deceased is survived by his parents, Mr. and Mrs. Jack Goularte, six brothers, Jack, George, Leland, Leonard, Tony and Daniel, and six sisters, Belmeda, Dorothy, Elinor, Esther, Leona and Mary.

The funeral took place Monday from the family home and at St. Joseph's church at Mission San Jose. Interment was in St. Joseph's cemetery.

The funeral was one of the largest held in this district and was attended by all the school children and school teachers.

Surveyors Arouse Fears Of Highway Rerouting

Although no definite plans have been announced, Niles business men are feeling no little concern over the possibility the state highway will be re-routed to follow Vallejo street, thus leaving the business district stranded from the regular flow of traffic.

Fears along this line were increased as the result of surveys made last week along Vallejo street by state highway engineers. Attempts to learn what the state highway department has in mind have resulted in failure, which adds to the apprehension of some who feel that the state wishes to

Thieves Enter by the Rear Door and Escape With \$8

Burglars broke into the Niles MacMarr store at 2:30 a. m. Sunday night and stole approximately \$8.00 from the meat market department's till. One of the robbers was captured when Night Patrolman apprehended a man giving the name of Ray Hendricks, 22, of Chicago, as he was leaving by the rear entrance.

A thorough search revealed that Hendricks had only sixty cents on his person, proving he had one or more accomplices who escaped with the missing money.

The burglars gained entrance to the building by prying off the bars which locked the rear door. Apparently some heavy iron instrument was used to do the prying, but nothing of this nature was found about the premises, lending weight to the theory that Hendricks had an assistant who made good his escape with both the money and the tools used to enter.

Night Patrolman Roderick noticed a man in the store as he was making his rounds of Niles. Running to the back of the building he arrested Hendricks as he was about to leave. As it was very dark, Roderick marched his prisoner to the main street before he made a search of his person and handcuffed him. It is possible another person may have been within the building when Roderick apprehended Hendricks, and escaped as the officer came around to the front. Or it is thought he may have left before the night patrolman discovered Hendricks in the store.

The captured man was taken to the county jail in Oakland by Constable O. W. Ebright Monday morning. Burglary charges were filed against him Tuesday afternoon, and his arraignment will take place in the Niles justice court at next week's court session.

MISS "CURLY" DINI AT MACMARR STORE

The many friends of Arthur "Curly" Dini, amiable Niles MacMarr meat cutter, will be sorry to hear of his transfer to Oakland, where he will open a new meat market Friday.

During his stay at Niles, Dini made a host of friends through his genial and cheerful personality. However, they are glad to hear of his promotion.

Dini's place in the meat department at the Niles MacMarr store

Dr. Enos To Travel Around the World

Dr. Joseph B. Enos, well-known in Washington township, sails on Friday, March 4, on the President Harrison for a trip around the world.

A few days will be spent in or near the Asiatic war zone, his itinerary covering such places as Japan, the cities of Shanghai and Canton, in China, Manila, Singapore, Bombay, and Genoa, Italy. He will return by way of New York.

TOWNSHIP SCOUT LEADERS ORGANIZE AT NILES MEET

Goal of 300 Scouts Set
For January of Next
Year

Long realizing the need of an organization which would bring together the men of Washington township who are interested in the expansion of the Boy Scout movement, the troop committee of Troop No. 1, Niles, held a meeting for all those interested Thursday night, February 25, which resulted in a huge success.

H. L. Hopking, field executive, called the meeting to order and after much discussion and explanation a motion was passed to organize the "scouters" of Washington township into a group to be known as the Washington Township Scouters. The organization will be composed of men, eighteen years of age and over, who are interested in the scouting program.

The purpose of the organization will be to bring together those interested men in order that problems of individual troops may be discussed, to strive for an increase in the Washington township boy scout membership, and to sponsor the Boy Scout program. A goal of 300 scouts in the township by January, 1933, already has been set by the organization.

J. E. Townsend, of Niles, was elected as president of the newly formed group, and E. E. Carroll, of Irvington, as vice-president. Election of other officers was postponed until the next regular meeting of the organization which is to be held at the Niles scout house. It is planned to hold meetings alternately in Niles, Centerville, Irvington, Newark, and Decoto, in which communities boy scout troops are now active.

Those interested in scout work believe the formation of this organization will prove to be the most effective aid to advancement of boy scout work that Washington township has ever experienced.

NILES CIVIC BODY PLANS EVENING GATHERING

In an effort to arouse enthusiasm and a greater civic spirit in Niles, the Niles Chamber of Commerce are planning to hold an evening meeting in the near future which is expected to bring out every business man in town and his wife, and all others who are interested. It will be held in the Odd Fellows' Hall.

The California State Industries League will put on a program which promises to result in a huge success, judging from entertainments sponsored by that group at previous gatherings. A committee to arrange for the affair was appointed at the Tuesday meeting of the Niles Chamber of Commerce. It is made up of W. Glassbrook, chairman, A. J. Pettsche, and H. L. Scott.

IRVINGTON SCOUTS

On February 17, Mission Peak Lodge, I. O. O. F., accepted sponsorship of the Irvington Troop of Boy Scouts of America. This movement, which was enthusiastically received by the community, members of the lodge and boy scouts alike will give the boys closer association with their "big brother" scouts, encouragement and inspiration toward their ideals and advancement.

POLL FOR SANITARY BOARD SLATED MONDAY

The election of three members to the Niles Sanitary District Board will be held Monday at the Niles fire hall. Two sanitary commissioners and a sanitary assessor are the officers to be elected.

Tom Elliott and L. A. Vieux are the two commissioners, and H. B. Rathbun the assessor, whose terms of office expire. The men will be up for re-election.

New Officers Are To Be Elected At Next Meeting

Determined to carry on its efforts to widen the "bottle-neck" in the postoffice block on Niles Main street, this problem came up for lively discussion at the Tuesday meeting of the Niles Chamber of Commerce after results of an investigation made by a member of the state highway department, of Sacramento, were presented to the group. The opinion expressed by the highway official is found

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

HANG THE KIDNAPPERS

THE KIDNAPPING of the Lindberg babe has focused public opinion on a crime, once of very rare occurrence, now committed with alarming frequency. It is a diabolical act when a child is the victim. The little heart is filled with terror, and the parents are in a state verging on insanity—apprehension driving them to hysteria, knowing that not infrequently the kidnappers, failing to secure ransom, or closely pressed by the authorities, kill the victim in a spirit of revenge or to prevent the possibility of their identity becoming established through testimony of the victim of their act.

Hanging, for child kidnappers, would appear to be a fitting penalty, the execution of such a severe punishment being necessary, apparently, to put a stop to this dastardly method of extortion.

Organized crime can only exist when authorities are hand-in-glove with the rowdy element of society. An honest police, an incorruptible judiciary, and crime, except in isolated instances, would disappear. Initiated into bribery by accepting hush money from bootleggers and prostitutes, the police soon find it easy enough to accept money from straight out toughs and gunmen, without disturbing their consciences.

It is time for the public to demand honesty from public officials. We have had a lot of corruption in Alameda county. We know their ilk. Recently the parole board has turned some of these criminals loose. More are scheduled to go free before their short sentences have been served. And then you wonder that honesty is a byword, and crookedness an honored profession.

WHAT WILL THE LEAGUE DO?

THE LEAGUE OF NATIONS meets in extraordinary session today to consider drastic measures against the bandit nation, Japan, who in high-handed manner has flouted every treaty she has signed and brutally slaughtered thousands of civilians in the Shanghai area. It is murder. It can be called nothing else. Pushing aside the old and established formula or declaring war, this free-booting, military-mad oriental race of brown men has invaded a nation with which they were at peace, on a trumped up pretext that the Chinese refused to buy their teas and silks. They would steal an empire in Manchuria and then make the Chinese say "thank you."

Economic boycott is not sufficient. Force is the only argument, the only instrument of diplomacy and administration that the empire of Japan can understand. Force should be used so effectively that it would be a lesson for generations to others who would attempt to push back the progress of centuries and revert to the piracy of an age long past. The Jap should be taught his place in the scheme of civilized nations. He should be put back in his flowery kingdom, thrown out of Manchuria, out of Korea, and told to don sack cloth and ashes until he had expiated his crime against this enlightened age.

WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients.

When you've a sick headache, can't eat, are bilious or sluggish; and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

PROGRAM IS HELD AT ALVARADO SCHOOL

A program was given in conjunction with the regular Sunday morning services at the Alvarado Presbyterian church, in Alvarado, Sunday morning, February 28, commemorating the two hundredth anniversary of the birth of George Washington, with Reverend McElhinney officiating.

The program opened with a concert selection by the Washington Union high school orchestra under the direction of John Kimber. Our beloved Washington was the title of the second number, which was given by four of the Sunday school children. They were Jimmy Wasley, Peggy Wasley, Mary Hinkley and John Ziegler. A recitation was then given by Frederick Joyce, Jr. Marian Ziegler gave a reading entitled "Washington As a Boy." Mrs. L. Anderson, of Centerville, also gave a reading entitled "What We Owe Washington." Another selection was played by the orchestra, after which three of the Sunday school girls gave a dialogue. The respective parts were taken as follows: The grandma, Marian Ziegler; the little girl of today, Linda Jane Hellwig; Martha Washington, Joan Boyd. The Sunday school members then sang "Mount Vernon Bells." The program was closed with the orchestra playing the "Star Spangled Banner." The church was beautifully decorated for the event with red and white blossoms, violets and acacia.

The Farm Bureau met at the home of Mrs. Rodrigues in Centerville on Wednesday of last week. The afternoon was spent working on foot stools and radio stools, which it is reported is very interesting work.

MORE ON WILL CONTINUE

(Continued from Page One)

in other columns of this issue of The Register.

The "bottleneck" question will be the first matter to be taken up at next week's gathering, when efforts will be made to devise further plans of action toward eliminating the hazardous traffic condition.

That the highway is narrower in the postoffice block than elsewhere on Niles Main street was the contention of several members, who felt the highway official had been wrong in his assertion that the width was the same all along the street.

Election of new officers for the Niles Chamber will take place on Tuesday. The nominating committee headed by H. L. Scott, presented its report that all the present officers had been nominated for re-election.

Changing the day for the Niles commercial body to hold its meeting also came in for much discussion. It was pointed out that several members who otherwise would be present cannot attend on Tuesday. Monday was the day favored by the majority of those present at this week's meeting, but the date cannot be officially voted on until a motion for a change has been presented in writing, according to terms of the constitution.

Sentiment was voiced that at least one meeting a month should be held at night, a question left to be settled at some future date.

After a communication was read from the California State Industries League stating they were willing to come to Niles and sponsor a program, a motion was passed to hold such a gathering at night in the Odd Fellows' hall to which all business men and their wives would be invited. President F. V. Jones appointed a committee consisting of W. Glassbrook, as chairman; and A. J. Petsche, and H. L. Scott, members, to make arrangements for the affair.

Possibility that the Oakland city council may change the name of East Fourteenth street was brought before the chamber, and it was unanimously agreed that it would greatly benefit Niles if this street were given the name of Niles highway or Niles boulevard. Niles is probably the most logical of any town in this part of the county for the street to be named after, because of its location. It was decided a letter should be sent to the Oakland city council to discover their reactions to this suggestion.

With the view of beautifying Niles Main street, which would react favorably with tourist trade, William Kirk suggested to the chamber that a sprinkler be installed and flowers planted from where the fire house is located down to the end of the street. Action on this matter will be taken at a future meeting.

The Father of Our Nation

By NELL FARRINGTON-MYERS
Niles Canyon, Niles, Calif.

At Old Mt. Vernon . . . on Potomac's shore,
A courtly gentleman of gifts untold;
Steadfast . . . for Honor, Loyalty and Truth,
Was gallant as a fabled Knight of Old.

A modest servant of the colonies—
He pushed the Frontier Westward . . . toward the sea;
Brought Peace, from aimless suffering and wrath,
Wrought miracles . . . with Personality.

While watching twilight merging into night,
He saw resplendent rays, in scarlet bars;
The symbol of our Flag across the sky,
As field of blue was pierced with silver stars.

Then setting out to conquer tyranny,
He led a helpless Army thru the fray;
A Patriot with deep . . . far-seeing eyes,
We owe him debts that we can never pay.

He solved grave problems . . . cheered his suffering men
With dauntless spirit swept the alien horde;
He wrote a constitution staunch and true,
His pen was mighty as his trusty sword.

He dreamed of a Great Nation . . . Unsurpassed,
From utter chaos, came his unborn child—
By far the greatest on the Face of Earth,
And patterned by this Statesman . . . undefiled.

With rare impulses of his heart and brain,
His divine fervor . . . dreams and ecstasy—
Outweighed maternal instinct born of pain,
And Motherhood's sweet immortality.

At foot of Old Mt. Vernon stands a shrine,
A sacred spot where pilgrims homage pay;
A Monument to General . . . President—
His wisdom still endures . . . unto this day.

Oh, Proud, Courageous Father . . . Husband, Friend
Thru fields of brave endeavor, great renown;
You placed an Infant Nation on its feet—
And DARED to Spurn a Kingdom . . . and a Crown.

Respectfully Dedicated to the Memory of
George Washington
1732-1799

ROAD MAN RECOMMENDS HORIZONTAL PARKING IN NILES BOTTLENECK

Argument For Incorpora- tion Seen In Enforce- ment of Measure

Prospects of widening the so-
called bottleneck in the Niles
post office block on Niles' Main
street assumed a gloomy outlook
as the result of a visit made Sun-
day to Niles by an official from
the state highway department at
Sacramento, who, for reasons of
his own, does not wish to dis-
close his identity.

In company with Norman H.
Park, editor and publisher of
the Township Register, with
whom he conferred, the high-
way man made a thorough in-
vestigation of the problem
which Niles has sought for sev-
eral years to improve. After
his investigation, he expressed
the opinion that enforcement
of horizontal parking in the
block probably is the best so-
lution for correcting the haz-
ardous situation existing at
present at this point.

The highway official explained
that the highway department
would not even consider the
widening of the street unless
buildings in the block were
moved back a distance of twenty
feet. Moving them back three or
four feet would accomplish no
good, in his opinion. The sug-
gestion which has been made that
three feet be taken off the side-
walk and added to the highway
was declared an impracticability
by the investigator. A single per-
son thoroughfare would thus re-
sult, which he believed would be
unacceptable.

During his investigation, the
highway official pointed out to
the Register publisher a fallacy
on a map of Niles Main street
which had been received at his
office from Niles. The map gave
an exaggerated narrowness to the
highway in the postoffice block
which actual measurement re-
vealed did not exist. It was found
that the highway is as wide in
this block as at any point along
Main street, but the fact there
is no curb along the Southern
Pacific property gives an ap-
pearance of greater width. If
there were a curb and sidewalk
along this portion and cars were
allowed to park diagonally as
they do at present in the post
office block, the same narrowness
would exist, it was pointed out.
The highway official also cited
the danger of the Southern Pa-
cific Company at some time in
the future refusing to allow park-
ing of cars on their property,
thus creating a narrow street all
along Main street if cars are
parked diagonally.

After the highway official's
suggestion that horizontal park-
ing be enforced in the postof-
fice block, Mr. Parks pointed
out the difficulty of such en-
forcement in an unincorporated
town. Under a city government
it would be possible to secure
rigid enforcement, but could
hardly be expected under pres-
ent conditions. A state high-
way patrolman could not spend
all the time necessary to pre-
vent violations of a horizontal
parking measure.

This argument was admitted
by the highway official, who
expressed the curiosity to know
why Niles was not incorporat-
ed. Mr. Parks explained that
although he had made an in-
tensive effort for the past four
years to realize incorporation
for Niles, such realization was
very remote due to the senti-
ment against it in the commu-
nity.

The highway attache spent the
entire afternoon investigating and
watching the traffic in the post
office block. Judging from the
opinion expressed to Mr. Parks,
he will recommend horizontal
parking in the block rather than
widening the highway when he
presents the results of his in-
vestigation to members of the
state highway board at Sacra-
mento.

Arnold Abrott, of Pleasanton,
spent the week-end visiting with
Jack Townsend.

Mr. and Mrs. A. Alameda and
family, of Berkeley, were visitors

HOT Water
Costs Less**

- 1 It costs less per gallon
- 2 Natural Gas cut operating cost 40%*
- 3 Prices of Automatic Gas Water Heaters 50% less than in 1917
- 4 Easiest terms ever, as low as \$4.85 down \$13.95 per month.

Well-Made Water Heaters

You can buy an Automatic Gas Water Heater for 50% less than you could in 1917. Yet the new, improved Automatics are colorful and better built. As for the terms, they are as low as \$4.85 down and \$3.85 a month, with a liberal trade-in allowance for your old non-automatic water heater or water-back. These are the easiest terms ever.

Architects and builders are now specifying Automatics for all modern homes.

Bring your home up-to-date by installing one. It is simple and easy to connect to your present plumbing. And remember, Automatic Hot Water costs less per gallon than any other method of heating water in the home.

*According to our gas rates, Automatic Water Heating with Natural Gas saves the average consumer 40%.

Add up the advantages:—The cost of operating an Automatic Gas Water Heater, the cost of the heater itself, the easy terms, and its convenience. Your answer will be:—An Automatic is not a luxury but one of the most important necessities for healthful, happy home life. You simply turn the faucet any time for a tubful of hot water for bathing or a basinful for shaving. No waiting, no bother.

Plenty of Automatic Hot Water dissolves dirt from 2 to 20 times faster. That saves your energy. You do not wait for water to heat. So you save time. Studies have been made which show that Automatic Hot Water saves from 4 to 6 hours each week. These hours are yours for reading, shopping, or entertaining.

SHRINERS INSTALL OFFICERS AT CENTERVILLE

More than sixty shriners from various sections of Alameda county gathered in Centerville last Thursday evening to witness the installation of the newly elected officers of the Southern Alameda County Shrine club. An Italian dinner preceded the ceremonies at the Gregory House.

R. E. Albertson, of Newark, was seated as president for the coming year. Other officers installed were Hans Hansen, Dublin, as vice president; Arthur M. Carden, of San Leandro, secretary-treasurer; and Vincent Strobel, of Hayward, sergeant-at-arms. Roy S. Milligan, illustrious pontiff of Aahmes temple, Oakland, officiated as installing officer.

Among the speakers of the evening were Ezra W. Decoto, former district attorney of Alameda county, a native of this township and a past potentate of Aahmes temple; Robert Abernethy, James Prowse, Hans Vejby, Ralph V. Richmond, and Arthur M. Carden. Nels Nelsen, of Hayward, retiring president, was master of ceremonies. The club will hold its March meeting at Livermore.

REVEREND ATTWOOD HOST
Reverend William Attwood will be host to the men's club which meets Thursday, March 4, in Memorial hall.

WASHINGTON HIGH STUDENTS DRILL FOR DRAMA

With three rehearsal sessions being held daily for Booth Tarkington's "Seventeen," Washington Union high school student body play, Miss Aubrey Nicely, high school dramatics coach, plans to have the cast ready to stage one of the best dramatic offerings ever presented at the school by the time of the date set for the portrayal, arrives.

The following students have been selected to take part in the drama: Willie Baxter, the leading character, Ralph Logan; Lola Pratt, by Aileen Roderick; William Baxter's father, by Melvin Farmer; Mrs. Baxter, by Aldina Azevedo; Willie's little sister, Jane, by Kathleen Evulch; Lola's friend, May Parker, by Vivian Luna; Genesis, the negro servant, by Robert Clark.

Others taking part are Dexter Witherly, John Habernicht, Patrick Pine, and Gordon Justus.

ATTEND COLLEGE MEET

Mrs. F. O. Bunting spent the week-end in Alameda as the guest of Mrs. R. H. Swayne. On Saturday they attended the 57th meeting of the Washington college circle at the home of Mrs. Prentiss Selby, in Oakland. Eleven members of the college were present to enjoy the luncheon and had an enjoyable time. Meetings are held twice a year.

CENTERVILLE GROUP ANNOUNCES PLANS AS POOL DRIVE BEGINS

TRAFFIC OFFICER PRAISES WORK OF JUNIOR PATROL

George Barron Delivers Address To Centerville Group

No school child in Alameda county has been injured where the Junior Traffic Patrol has been on duty, State Traffic Officer George Barron told members of the Centerville grammar school Junior Traffic Patrol in an interesting address before that group Monday on traffic rules and regulations.

The traffic officer was warm in his praise of the activities of the junior patrolmen, and emphasized the point that they should be proud of their record in this county. Outside of the school one out of every eight persons killed in the state is a child, he declared.

The excellent work performed in the Centerville district by Traffic Officer Duffy Lewis toward protecting the safety of children also was lauded by Barron.

The state traffic department has signified its intention of placing the proper parking and other traffic within the Centerville school zone, according to announcement made at the gathering.

SCHOOL WORKER IS FEATURE AT CLUB GATHERING

One of the most enjoyable programs of the year was given at the Country Club of Washington township Tuesday afternoon when Harry Salz and two of his pupils, Anna Millicent Shinn, and Miss Musick, presented a program of piano music; the speaker for the day being Mrs. Josephine Duve-neck who spoke on progressive education.

Mrs. Duve-neck was the guest of Mrs. J. C. Shinn at luncheon preceding the meeting. Mrs. Shinn having arranged the program for the afternoon. Mrs. Roland Bendel, chairman of the program committee, announced as speaker for the April meeting Miss Cameron, mission worker in China-town.

Miss Duve-neck is director of the Peninsular school at Menlo Park. She gave a most interesting sketch of various schools throughout the country which are introducing progressive education into the school system of America, stressing the advantages of small groups, individual attention, and the necessity for each child's being given an opportunity for self-expression.

With more than thirty children in a class, said Mrs. Duve-neck, they can be treated in no other way than as a "regiment" or machine-made product. The solution to the problem of overcrowded classes and lack of individual development lies either in schools with small groups or in the doubling of the teaching forces of the larger schools.

Country Club Members Attend Oakland Meet

Some of the Washington township country club members attended the Alameda county and San Francisco district meeting held at the Twentieth Country Club in Oakland. An enjoyable all-day gathering was held. Mrs. C. E. Anderson, Mrs. Pond and Mrs. Carroll were among the visitors.

Will Return Money If the Goal Is Not Reached By Time Set

In case the goal to raise \$7500 for a Washington township public swimming pool to be located on the Washington Union high school grounds at Centerville, is not reached, the purchasers of script books are assured of their money being safeguarded and returned to them, according to A. J. Rathbone, high school principal and swimming pool committee chairman. The drive to raise the fund began Wednesday morning, after a meeting was held Tuesday at which the township was divided into territories for the various script book salesmen.

As fast as the money comes in it will be deposited in the banks of the township in a special fund which cannot be touched until the entire sum is raised, explained Rathbone. If at the close of the allotted time in which the fund is to be raised the goal has not been reached, the banks are to be instructed to return checks to each subscriber. However, members of the Centerville Lions club who are sponsoring the drive feel the goal will be easily reached during the time set.

Purchasing script books during the campaign will result in a saving for those using the pool, said Judge Allen G. Norris, committee member. Under the plans worked out, adults will be entitled to one swim for each twenty-five cent coupon, while children of families possessing the script books will be admitted to the pool for fifteen cents, if they are registered pupils of the grammar schools of the township or Washington Union high school.

Children from other communities or those not attending the township schools will be required to pay twenty-five cents.

MAN GETS THIRTY DAYS FOR PEACE DISTURBANCE

Disturbing the peace resulted in a sentence of thirty days in the county jail from Joe Garcia, of Centerville. Judge Allen G. Norris passed the sentence in the Centerville justice court Friday.

Garcia was arrested by Constable Tom Silva after he had created a disturbance in the Sophie Koenig place of business, while under the influence of liquor.

Dance Proceeds Go To Fire Recusitator

Plans for the benefit dance to be given by the Centerville fire department at the Washington Union high school auditorium, Saturday night, April 2, are progressing rapidly under the committee in charge of the affair.

The proceeds of the dance will go toward the new recusitator recently purchased by the Centerville fire unit, and from which people in the entire township will benefit.

It can be used in cases of drowning, electric shock, etc.

Schreiber's St. Francis hotel eleven-piece orchestra has been secured to provide music for the dance, while other entertaining features also are promised by those in charge.

WASHINGTON HIGH NINE DROPS 12-7 GAME TO SANTA CLARANS

Seventh and Ninth Innings Prove Undoing of Cornhuskers

Scoring five tallies in the seventh inning and five more in the ninth frame, Santa Clara high school came out on the long end of a 12 to 7 score against Washington Union high school's baseball nine Friday afternoon at Centerville. It was the first competition of the season for Coach Jess Regli's diamond artists.

Tom Kitashima hurled steady ball for the Cornhuskers, allowing only one bingle until the fatal seventh when the Santa Clarans nicked him for four safe blows and found him for six more in the ninth. Although Santa Clara gathered a total of ten hits in these two cantos, several of them would undoubtedly have resulted in put outs had the Cornhuskers been in mid season form.

Washington outthit their rivals, collecting twelve hits during the game, against eleven for Santa Clara, but Albreo, the opposing twirler, kept them well scattered.

The Cornhuskers staged a rally in their half of the ninth inning, four men crossing the home plate, but Albreo bore down and whiffed two men in succession to retire the side before his nine's advantage was seriously threatened.

Sekigahama, Faria, and Kitashima each collected two bingles apiece to share batting honors for the Cornhuskers. Kitashima, with his slants, sent ten of the enemy batsmen back to their bench via the strike out route, while Albreo fanned seven.

The Cornhuskers will meet San Leandro Friday afternoon at that place. When the opening of the Southern Alameda county season takes place, with Washington playing Emeryville, Mar. 11, Coach Regli promises to have taken all the rough spots out of his nine, so they will present a polished combination that will make a strong bid to cop the title again this year.

Today... Nash Steps Out Ahead

The new Nash models today make their bow to the American public. They are entirely new in appearance with complete Slip-Stream body design, Slip-Stream fenders, V-radiator, and Beavertail back. They are new in performance with greater power, greater smoothness, greater speed, greater driving ease and riding comfort. They are larger, longer, lower, roomier cars with important basic advancements in both chassis and body design. We believe that when you see the new Nash and drive it you will accept it—and prefer it—as a new kind of car with a new type of performance.

TINEGA CAMP FIRE GROUP

By EVELYN ROSE

Astronomy was the subject for last Friday's meeting. The girls have learned the constellations and planets and enjoy these lessons very much.

Saturday afternoon a class in swimming for wood-gatherers and fire-makers degrees was held at the Y. W. C. A. in San Jose.

This week-end a camp fire convention is being held in Oakland at the Hotel Leamington. Miss Edith Kempthorne, camp fire executive, will be the chief speaker of the evening, followed by leaders of the East Bay camp fire groups.

Two of the Linega camp fire girls who are working for their fire-makers' degree, will be taken in on Friday evening by their guardians. Saturday night the entire group will attend. The guardian will attend an all-day session on Saturday.

Gemewunae, the group of camp fire girls, ages 10 and 11 years, is coming along in a splendid way. The older sisters are very proud of their young camp fire sisters. There are eight so far and plenty of room for girls who are interested.

SUNOL HOME IS SETTING FOR A BENEFIT PARTY

Both Whist and Bridge Played During Afternoon

The home of Mrs. E. Apperson, of Sunol, was the setting of a George Washington card party held for the benefit of the American Legion Auxiliary last Wednesday afternoon.

The room and tables were decorated with bouquets of flowers. A large portrait of George Washington was attractively set amid the flower decorations. After the card party refreshments were served.

Whist and bridge were the diversions of the afternoon.

Those winning bridge honors were Mrs. J. W. Sheffield, Mrs. Mary Stovall, Mrs. B. F. Newton, all of Pleasanton, and Mrs. Wait, of Berkeley.

Those running high scores in whist were Mrs. T. Orloff, of Pleasanton, Mrs. J. Jensen, Miss Ethel Jones, and Mrs. Medau, all of Livermore.

There were ten tables of bridge and seven of whist.

MUSICAL STARS TO APPEAR IN POOL BENEFIT PROGRAM

Public Promised a Real Treat at March 15 Operalogue

Artists who will present the operalogue, "Carmen" at the high school auditorium in Centerville on the evening of March 15, at 8 o'clock, for the benefit of the swimming pool fund started by the Lions Club, are not only acceptable because of their charm and winsome personalities but because of their ability to interpret authentically the opera selections—one which has been declared the second most popular ever produced in America.

Mrs. Wallace Wheaton Briggs, dramatic exponent of operalogue, will be assisted by the Francescan Trio composed of Dorothy Dunyon, violinist; Florence Briggs, cellist; and Ann Bruce, pianist; also soloists and a group of Spanish dances presented by local girls.

Miss Dunyon has studied violin with eminent European masters and is experienced in solo and ensemble work. Miss Briggs is a graduate of the University of California and Juilliard Musical Foundation of New York, under Felix Salmond. She was coached in ensemble by Enesco and recently completed two seasons with the Seattle Symphony orchestra. Miss Bruce, pianist, is also an experienced soloist and teacher.

Preceding the operalogue a preliminary program of dancing and numbers by the high school orchestra under the direction of John E. Kimber will be given. Solo dances will be presented by Genevieve Williamson, teacher of dancing at the Williamson school, and Antoinette Holeman, one of her pupils; also gypsy dances by Catherine Rathbone, Evelyn Pond, Anna Milcent Shinn, Betty Robinson, Mabel Townsend and Genevieve Williamson.

Those sponsoring the program hope that every lover of music will avail himself of the opportunity to enjoy this rare treat and at the same time to increase the fund being raised to install a swimming pool at the high school. The pool will be open to the public at certain times and thus will benefit the entire township as well as prove itself a distinct asset to the health program of the local school children.

A. J. Rathbone, principal of the high school, and teachers, are co-operating with Toyon Branch in promoting this program. The matter also was boosted at the meeting of the Lions club Wednesday evening, this organization having initiated the move for the pool.

TO COMPLETE PLANS

Members of Toyon Branch of the Children's Hospital of the East Bay will meet at the home of Mrs. W. H. Ford next Monday afternoon for the purpose of completing plans for the operalogue, "Carmen," to be presented at the Washington Union high school on the evening of March 15, at 8 o'clock, for the benefit of the swimming pool fund started by the Centerville Lions club.

During the week window cards have been placed in the various towns of the township and publicity has been placed in the various papers in the southern end of the county and in the Oakland city papers. Tickets have been distributed and from the interest expressed, a capacity audience is expected. Reports will be made by Mrs. J. C. Shinn, program chairman; Mrs. Wm. Eberly, reception chairman; Mrs. Walter Robie, ticket chairman.

Pictures Pull

Almost without exception, we strongly recommend the use of pictures as an attention value medium on all pieces of job printing. To help you get the right pictures for your printing is a part of our printing service. We always have plenty of cuts on hand from which you may pick the ones you need.

Irvington Plans Fire Department

Irvington may have a fire department of its own in the near future if present plans succeed, it was learned last week. For several years, Irvington has been dependent upon other communities for their protection, and business men are of the opinion that it would be more desirable to have a fire unit which could render aid more quickly in this vicinity.

Plans for organizing and financing such an organization are now going forward, and it is expected definite action will be taken sometime in the near future.

Mrs. Silva Given Party At Irvington

An afternoon party was given to Mrs. M. Silva, of Irvington. A delicious luncheon was served at four o'clock.

 A new bridge bungalow and four private garages are scheduled in a building program announced by F. A. Leal. One of the garages was completed last week, releasing the carpenters for construction of the bungalow. It will occupy a lot adjoining a group of other Leal homes in the center of the town, and will be offered for rent.

Irvington Ladies To Give Food Sale

The ladies of the Irvington Community church will hold a food sale at Irvington next Saturday, March 5. Sale will be either in room adjoining Reynold's grocery store or in the room in Mr. Leal's building. The proceeds from this sale go to the support of the church. The ladies will appreciate your patronage.

Next Sabbath the pastor begins a series of Lenten sermons dealing with the last events in the life of Christ. The culmination of the series will be the Easter discourse. The full meaning and value of the Easter service can not be had without the right spiritual preparation. Come to church.

At the Washington birthday service last Sunday an excellent talk was made by Wallace Pond in which he showed how Washington exemplified the Boy Scout ideals. Forty people were present at the service. Approximately the same as the Sunday before. Help us bring our regular attendance to fifty.

Prepare Tennis Courts For Summer Games

Mr. and Mrs. Joe Rose are smoothing out their tennis court this week, preparing to entertain friends at a series of outdoor parties during the spring and summer. It is one of the best private courts in the district and very popular with those who have played there.

BEGIN NEW HOME

Ground was broken last Saturday for the new bungalow of Mr. and Mrs. Ed. Rose on their Roberts avenue property. It will contain six rooms, and it is believed that with spring now at hand, work can be carried on without hindrance.

AND SOMEBODY SAID "THERE AIN'T NO SANTA CLAUS"

Girls at the doll playing age often derive much enjoyment from imagining they have houses of their own and conscientiously carrying out the duties of the faithful housewife in their play homes. But seven-year-old Leontine Rose, daughter of Mr. and Mrs. Ed Rose, of the Niles Rose garage, does not have to carry out this role in a "make believe" house.

For Leontine has a real house all her own which is equipped with all the modern conveniences and furnished in an elegant style which would bring exclamations of delight from the most discriminating of home furnishing connoisseurs.

Located in the garage show room, this twelve by fourteen structure attracts the attention and admiration of all those who have seen it. The girl's father had the house built in Irvington for a Christmas present to his daughter. The exterior of the building is finished in creamlike stucco with green trimmings. It has three rooms, a kitchen, living room, and bed room, all adequately supplied with the latest in stoves, furniture, and decorations which go to create a cosy and homelike atmosphere.

After looking over this play house which almost approaches a modern bungalow cottage in size and convenience, one can agree that Leontine must be the envy of all other girls of her age in Niles.

RETURNS TO SCHOOL
 Harry Green, of Stockton, who has been at the home of his mother, Mrs. Fern Mette, for the past week recuperating from a severe illness, will return to his duties Monday as assistant supervisor of art in the Stockton schools.

AUTOMATIC GAS WATER HEATERS ARE POPULAR

According to recent report, hundreds of automatic gas water heaters have been installed in homes in Northern California territory during the past two months. The sales department of the Pacific Gas and Electric Company attributes the growing popularity of these heaters partly to their convenience and partly to their economy.

Hot water, the luxury of a few short years ago, is demanded as a necessity now in the humblest of homes. The demand is not only for hot water, but for lots of it, and "right now." Modern standards of living do not allow time and energy for fussing with antiquated water heating systems, keeping a supply of fuel on hand, stoking, cleaning out ashes, and then having to wait indefinitely until the water is heated. Householders today insist that the only effort on the part of the user be in turning on the faucet. Because gas water heaters instantly and automatically fulfill this demand, they are rapidly displacing all old-fashioned methods of water heating.

In economy of operation, too, automatic gas heaters are outstanding. This is because natural gas is not only cheap in itself, but because it is used only when the temperature of the water in storage falls below a predetermined degree. When this happens, the gas is automatically turned on, and remains burning until the required temperature is attained, and then is automatically shut off. The automatic feature reduces the use of fuel to a minimum.

Pleasanton Pioneer Laid To Final Rest; Mourned By Friends

Remembered as Good Wife, Mother and Neighbor

Followed by a large concourse of sorrowing friends, the remains of Mrs. Flora B. Snarey were laid to rest in the Odd Fellows' cemetery, Pleasanton, Sunday afternoon. At the graveside the impressive ritual of the Women of Woodcraft, of which Mrs. Snarey had long been a member, was conducted.

Preceding this at the Pleasanton Presbyterian Church, the Rev. Robert C. Cross, paid an eloquent tribute to the life of the dead woman. At the church the officers of Pleasanton Chapter, Order of Eastern Star, conducted their services.

Mrs. Snarey passed away at a Livermore hospital February 18, following a long illness. Her death, while not unexpected, came as a great shock to her many friends.

She was born at Port Burwell, Ontario, Canada, August 13, 1864, and became the bride of Fred Snarey at Tillamook, Oregon, May 5, 1896. Their first child

Eva, was born at that place, but she lived only sixteen months.

Mrs. Snarey, with her husband, came to Pleasanton in March of 1890, where they have since made their home. A daughter, Mrs. Hazel Waltham, preceded her mother to her grave in 1915. One other daughter, Mrs. Myrtle Madsen, three grandchildren, Joy, Melva and Lincoln Madsen, and her husband survive her.

During her residence in Pleasanton, Mrs. Snarey endeared herself to all with whom she came in contact. In her daily life, even during her illness, she radiated a spirit of cheerfulness. As a wife, mother, and a neighbor she was loved by those who knew her most intimately. As a member of fraternal organizations and of the Ladies' Aid Society, she never shirked her duties; and as a citizen, she took an active interest in all things looking toward civic betterment. The world is better off for her having lived in it.

PLEASANTON SIGN NOW SWINGS IN SPRING BREEZES

Long Awaited Erection Is at Last Complete; Soon To Be Dedicated

Citizens of Pleasanton have now the opportunity to see the long-talked-of electric sign hanging across Main street on a truss structure in front of the town hall. The sign was purchased by the Women's Improvement Club several months ago, but due to some trouble with the supporting poles, the sign was not erected until last Friday.

The sign will not be lighted until the night of its dedication, which is to take place on March 8. At that time the improvement club will put on a short program celebrating the occasion. Mrs. J. B. Lee, president of the women's club, will present the town of Pleasanton with the sign.

The program of dedication will be as follows:

Selections by the Amador Valley high school band; presentation of the sign to the town by Mrs. Lee; response by Mayor A. B. Pickard; short talks by C. Letham and T. H. Silver.

TOASTERS WORK BETTER WITH

Sliced BREAD

All MacMarr Bread makes fine toast, because every loaf contains plenty of pure milk, fine shortening and cane sugar. But sliced breads are best for toasting because they are cut just the right thickness and with a smooth surface that toasts evenly. Try a MacMarr sliced loaf for tomorrow's breakfast toast. Many varieties to choose from.
